

Please ensure this is printed in colour, as the steps below are colour-coded.

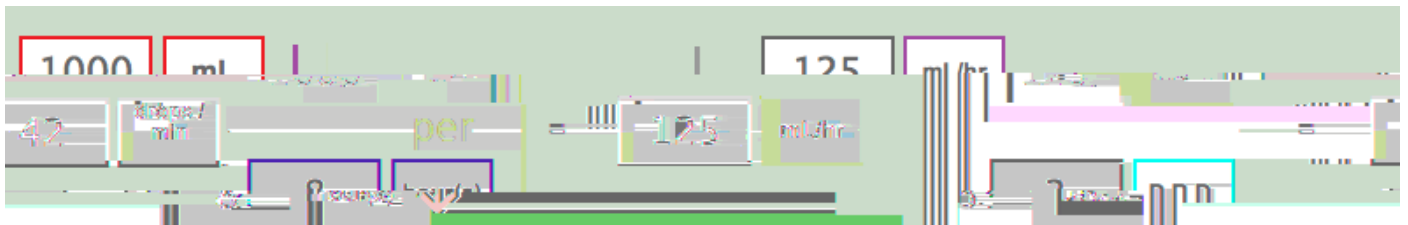

## Next step

### How to remember DRD?

Think of a clock – how many “drops around the clock”?

From the I.V. Administration Set,  DRD: :

In this example,  $125 \div 3 = 41.666\dots$  so we round up to 42.

Set this on the IV:
